LASER-GUIDE

FORK GUIDANCE SYSTEM

Increase warehouse safety and productivity while reducing product damage with the Laser-Guide Fork Guidance System. The Laser-Guide is equipped with an adjustable, fan-shaped laser beam that projects out from the forks indicating the exact fork position. Available in **red** or **green** laser model.

Features:

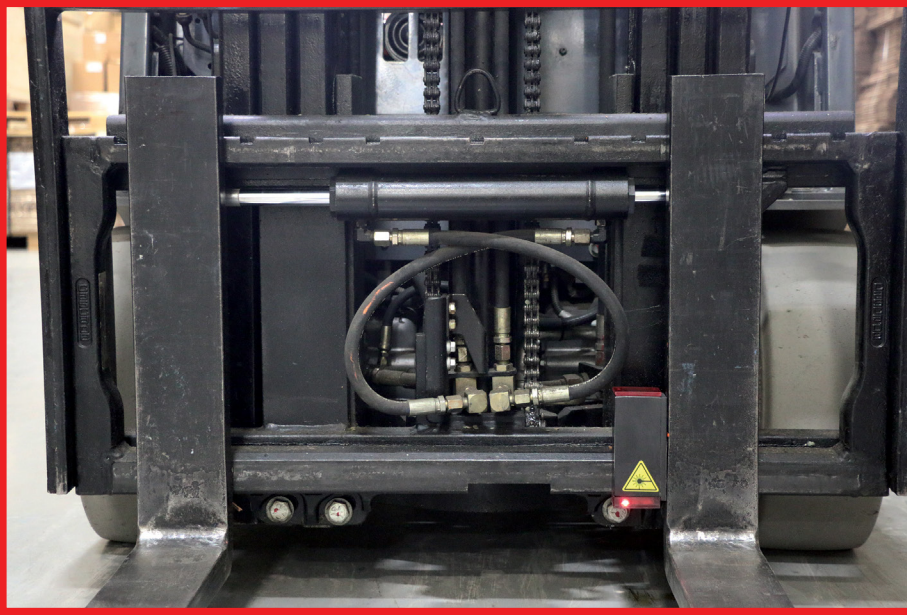

- Turns on only when movement of the forks is detected to prolong charging intervals
- Includes (2) lithium-ion batteries with 110 Volt USB charger included
- Battery lasts approximately 1 week on a single charge
- Easily mounts to the side of the fork using (3) powerful rare earth magnets
- Installs in minutes
- Single model easily adapts to any lift truck and will fit on any class of carriage
