THE FORKLIFT LEVEL-LITE

KNOW THE TILT LEVEL OF YOUR FORKS

The main cause of product, rack and equipment damage is forks tilted at the wrong angle. If the forks are not level, drivers can spear product from inside or above the pallet opening, bend or push over racking, and splinter pallets. Take control of these issues with the all-new Level-Lite!

The Level-Lite Features:

- Under 1 minute to set up and install.
- Accurate within 0.25 of one degree.
- Uses standard "D" batteries.
- Adapts to bent or uneven forks.
- Not permanently fixed to mast.
- Turns on/off automatically (motion activated).
- Engineered and made in the USA.

The Level-Lite Benefits:

- No tools, wiring or mechanic needed.
- 12 - 18 month average life (1600 operating hours).
- LED Indicators. Effective in all lighting conditions.
- No on/off switch. Preserves battery life.
- Rust proof and durable. Works outside in wet weather.
- Box Dimensions: 2.5" x 2.5" x 6.5"
- Box Weight (with batteries) 1lb. 10 oz.
